## Year-End Self Reflection

Having completed the Planning the Path Ahead 'reverse career fair' and thinking back throughout course experiences and assignments, draw on your experiences throughout the year to reflect on the following questions. Use examples and anecdotes from this years class and life experiences to support your statements.

Incorporate the themes of the big ideas into your responses. *Each response* should be authentic, insightful, and be 200-300 words.

**How did your plans for the future change between the plan ABC assignment at the start of the year and what you presented at the career fair? Why and how did you make those decisions? How might your plans change during grade 11 and 12?**

Career-life choices are made in a recurring cycle of planning, reflecting, adapting, and deciding.
